

Assistive Technology Event Workshops for July 2016

Come and see How we can aid in your independence

Access NSM

Presented by: **Chris Henrich, Assistive Technology Professional.**

When: 7/8/2016 10:00 AM -12:00 pm

Where: United Cerebral Palsy, 208 West Street, Pittsfield, MA 01201

What's it's about: AccessNSM provides Stair lifts, wheelchair lifts, vehicle lifts and the other allied products that comfortably and safely extend your mobility. From vehicle lifts to bathroom access to wheelchair ramps, we help you maintain independence at home, and on the road. AccessNSM offers indoor and outdoor stair lift and wheelchair lift models to accommodate staircases that are straight and stairs with turns, spirals or bends

Kurzweil 3000- Fire Fly

presented by **Madeline Franco-DeFaria, Account Executive, New England, Kurzweil Educational Systems**

When: July 22,2016 10:00AM-12:00PM

Where: Pittsfield UCP conference Room. 208 West Street Pittsfield, MA 01201

What it's about: With Kurzweil 3000-*firefly* award-winning educational software, you can provide literacy support for students anytime, anywhere – on their PC, MAC, iPad, and the web. Built-in tools for reading, writing, study skills and test taking deliver a multisensory approach to learning, helping students who struggle, such as those with [dyslexia](#) and [English Language Learners](#), become independent learners. A cloud-based [centralized library](#) allows for easy access and distribution of curricula, while [reporting](#) delivers helpful insight into student usage.
